IN THE RECORD BOX

Sunday School leaders and Department Directors will find the January summary packets in the record box. Directors, teachers and leaders will want to share this information as it applies to their teaching of class members and others. Look for the January Summary envelope in the record box. These items can be found.

Green Sheet: January visitors are our potential new members. Review the list of visitors. Who is responsible for making contact with these visitors. Who, of these recent visitors, "can we enroll in our class?" All of us want to be wanted and asking visitors to join the class says, we want you to be a part of our group.

Blue Sheet: January attendance, visitors, and new member information can be found on the Blue Sheet. This information is compared for several years back. Remember our goal is to increase our numbers in Sunday School each week.

White Sheet: The White Sheet will give January Sunday School individual attendance. This report will give directors, teachers and leaders the opportunity to identify by name those who need a contact and those who you can compliment on their faithfulness in Sunday School attendance.

NEW BIBLE STUDY

Discovering God's Will By Andy Stanley
Begins Monday, February 6
Merrill Gardens, 5:30pm

COMMON CHARACTERS

These thoughts were gathered about Sunday School workers who have joy in their unique roll in the life of their church. Overall teachers who have found the joy of teaching have a strong sense that theirs is a high and holy calling. Sunday School teachers and leaders will want to strive for some of these characteristics:

- Teachers and leaders sense a clear understanding that they are serving where God wants them to serve.
- Teachers and leaders should have a strong commitment to their assigned task.
- Teachers and leaders should be examples of character, an example to those they lead.
- Teachers and leaders are aware they need to be prepared physically, mentally and spiritually.
- Teachers and leaders should love those they teach in and out of the classroom.

Teaching God's Word is a challenge. Yet teachers and leaders who know these characteristics, know the joy of teaching.
