## PREPARE FOR LITERATURE DISTRIBUTION

Sunday School teachers and leaders will want to make detailed plans for literature distribution. It will take all Sunday School leaders to get the literature distributed to the active, inactive and potential Sunday School members. Sunday School literature for the new studies will be in classes and departments Sunday February 26. This Sunday is the time to make specific distribution assignments. The leadership team will want to include distribution assignment to recent visitors.

## POTENTIAL NEW MEMBERS

Each week Sunday School teaching units have those who are visitors in Sunday School and worship. Each Sunday the names of those present the previous week and where they are assigned are listed in the Lord's Day Addition. The Sunday School leadership team will want to remind the leaders and members of the names of those who are their recent visitors. Recent visitors are the best source for new members. Attention should be given to these recent visitors by providing them with Sunday School literature.

## STEPS TO GROWTH

Sunday School classes have a plan to use as they increase their attendance. This planned process of growth is referred to as "Flake Formula for Sunday School Growth". Arthur Flake gives us these guide lines:

1. Discover the possibilities. Who are your prospects?
2. Enlarge your organization. Enlist additional leaders. Create new classes.
3. Provide the space. New classes will need new class rooms.
4. Train the workers. Help workers know what they are to do.
5. Go after the people. Visit your recent visitors.

## BOOK REVIEW

Sunday, February 19, 5:00pm

Sandy Williams reviews:

**"The Changing Face of Islam in America:"** Understanding and Reaching Your Muslim Neighbor. This book shares a street level view of the agenda and teachings of American Muslims, evaluates the Islamic faith and practices from the perspective of evangelical Christianity, and motivates believers to become more involved in enriching personal encounters with Muslim neighbors.
